VIENNA, VA (March 29, 2011) – Bump. Set. Hit. SPIKE! Team FUTREND looked fierce, walking out onto the court in their crisp and freshly ironed embroidered jerseys. As FUTREND’s first-ever sports team, the players made sure to represent the company in the most positive way possible. Sporting FUTREND’s trademark colors – green and blue – the players hustled and

and hustled across the laminated gym floors, playing their first volleyball match, on Wednesday, March 23rd, at Luther Jackson Middle School in Falls Church, VA.

As a company, FUTREND is known for its core values of Honesty and Integrity; Hard Work; Excellence; and Self-improvement. Stepping onto the court, Team FUTREND fed off the company’s mantra to show the Fairfax County Volleyball Club what it is all about!

FUTREND believes that a healthy employee is a happy and effective one, and in an effort to build camaraderie away from the office, team captain, Edwin Arambulo, initiated the idea of joining a sports league. “FUTREND is known for our hard work and dedication by our Government clients, I thought [forming a sports team] would be a great way to show off our team work in a different capacity as well,” Edwin says.

Hitting the ground, running, Team FUTREND showcased its talent, dedication, and good sportsmanship during last Wednesday’s game. Communication is a key factor in achieving success on the job, and the team utilized the same approach on the court. With agile feet, quick hands, and sporadic dives and spikes, Team FUTREND acquitted itself well as a team and made sure its presence was known.

FUTREND’s volleyball team is the company’s first venture into organized sports. Who knows what might be next. Schedule inquiries, as well as team sign up, can be directed to Edwin Arambulo at
